DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 2-17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 2, 10 and 11, there is no proper antecedent basis for “the side face thereof”. It is unclear whose side face is referred, i.e., that of the first cover or the second cover.

In claim 7, there is no proper antecedent basis for “the heating surface”. It is unclear whose heating surface is referred, i.e., that of the heating material or heater.

In claim 10, on line 13-14, it is unclear which element has “an opening opposed to said heating plate”. On lines 16-17, there is no proper antecedent basis for “the side face of the outer shell”. On line 21, it is unclear what is fitted “to the inside of said opening in said lid cover”.

In claim 11, on lines 22-23, there is no proper antecedent basis for “the side face of the outer shell”.

Allowable Subject Matter

3. Claims 2-17 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
